

Good morning everyone,

The winds have died off and its warmed up a bit and it appears to be a beautiful Sunday morning. Julie and I hope that you are having a wonderful weekend!

Today, we will again be meeting together and as you well know we will have COVID guidelines in place. You may have heard that the rules have changed in the last couple of days but for us nothing has changed. The size of our hall provides the limit for us and we have arranged accordingly.

Let me just say "Thank you" for your being a part of our fellowship at Wauchope Baptist Church. Thank you for your faithfulness in giving and praying for us as we weave our way through a situation that none of us have ever had to deal with before. God is faithful and He will give wisdom as we move forward.

Today, I have provided another video message for those who are at home or away. You will also notice a change in the approach of the video as it is more focused on outreach. Research has proven that one of the best ways to connect with your community today is through digital media. As you well know, most everyone is now interacting in someway with an online presence. I believe this is a very good way to share the amazing story of Jesus.

With that in mind, if you have a friend or family member or even a neighbour that you want to share the Gospel with, send them a link to this message. Then, ask them to respond to your note. But first, pray for them before you send the link and then ask God to work through your efforts.

Thanks again for being part of our fellowship at Wauchope Baptist Church!

He has risen!

Pastor Tony

There was Jesus
