

## **Are you sure your going to heaven?**

Good morning church family!

Julie and I hope that you've had a great week!

Last week we talked about, "What will it be like when we see Jesus?" I must admit that will be an overwhelming experience! But, a nagging question keeps raising its head and that is are you sure that your going to get to heaven to see Him?

I know that all of us know the plan of salvation and in some way have followed that plan to our current place. But, can we honestly say, without any hesitation, that we will be in heaven one day? Today I want to give everyone the opportunity to remove any doubt. Heaven is too wonderful and eternity too long to have any question about it.

So today, lets make sure.

You may want to send this through to some friends or family members that are unsure about their eternity.

Oh, you will notice that the native birds were having a great time while I was making the video. I really don't mind when God's great creation wants to get involved!

He is risen,

Pastor Tony
