

# **Come Praise the Lord Together!**

Good morning and Happy New Year!

It's a brand new year and we have a lot to be thankful for! We of all people should be known by our powerful and heartfelt praise to God!

Many of you have wondered about the mask requirement in NSW, fortunately that is for Sydney only. At this point we still do not have any COVID-19 in the Mid-North Coast and for that we can praise God! However, keep an eye on the next seven days as a lot of the holidaymakers return home.

Today we are going to revisit Psalms 34 and let David inspire us with his praise! We will see the great benefit of being a people of praise and we will also see as David invests in his men to make them powerful warriors for God.

He has risen!

Pastor Tony
