

Oxymorons

Good morning, everyone,

I hope the title to this has caught your attention! Today, I want to look at oxymorons or two words used in the same phrase that seem to contradict each other. The truth is, the bible is full of oxymorons!

I believe our lives are full of oxymorons. To say that you're a Christian and not be totally surrendered to Jesus is a contradiction or oxymoron.

Today, I will look at one man who was totally surrendered to Jesus but it took a lot of suffering to get him there. Perhaps we can learn from his story.

He has risen,

Pastor Tony
