

# Why Did God Save Us?

I'm sure we are all eternally thankful that God developed a plan to redeem us and bring us back to Himself. After all, we will have a long and wonderful eternity to show our appreciation!

But, why did God save us? Most would say, "It's because he loves us!" and that's true, but God's love for us is only a small part of the reason that he saved us. Today, I will explore what I believe to be real reasons God saved us.

Oh, and just as a little teaser, the Christian walk has never been all about me! There are some far greater purposes for God doing what he did.

Never Forget the tomb in the garden is empty!
