

The Bible, What's in it for Me?

Good morning, everyone,

I hope my message title caught your attention! If it, did you probably think this sounds very self-serving. But the truth is there is a lot in the bible for each of us but there is a string attached. From what I see, you have to spend time in the bible and adjust your life according to what you read for it to become beneficial for you. That is where the disconnect happens! Honestly, how much time have you spent in God's word this week?

Today we will look at the longest chapter in the bible which is Psalm 119 which has 176 verses and there is no way we will even get a third of the way through it. But we will see enough to know that God has given us so much in his book of instruction.

After you finish with this video then I encourage you to make the time to read and meditate on the part of the chapter that we don't cover. I want you to discover for yourself what God has placed in this magnificent book for you.

He has Risen,

Pastor Tony

The Bible, what's in it for me?
