

Confusion and Confrontation!

Good morning church family!

Today, we are looking at John 7 and this chapter is all about the conflicts and confusion that was facing Jesus. Jesus knew that the Jews were out to kill him, so he went to a festival in secret, he then enters the scene and begins teaching. The people were impressed but could not agree on who he was, but the Jewish leaders were getting more and more angry!

Throughout the Book of John there is something that's begun to emerge about Jesus, and it comes clearly from something that he says. As we continue to go through the book, see if you can identify a theme that is repeated over and over.

Because of Jesus,
