

A Warning, a Promise and a Word of Instruction!

Good morning church family!

This week we will look at John 10 which is a familiar chapter where Jesus describes himself as the Good Shephard. If you've been in church very long you will have heard this story, many times.

Again, there's a lot going on in the life of Jesus and some of the things he says are far reaching and could be life changing, if you let it be life changing!

So, let's dive in.

Thanks for being here.
