

# Who are You???

This is the question that the Jews finally ended up asking Jesus, they just couldn't get who he was. Jesus finally does reveal himself in a very big way at the end of this chapter.

It would be a good thing if you read John Chapter 8 before you watch the video.

During this next week please read John 9 and see if you can see the contrast between stone cold religion and the heart of Jesus.

Thanks for joining with us today.
