

The Story of a Vine!

Jesus tells his disciples a simple story about a vine, but how he explains that very common vine had a profound effect on them and on us. This simple story gives insight into to what I feel is an important part of being a successful Christian. In fact, without this the rest of our Christian life is just so much business.

I hope you are challenged today as I was.

Thanks for joining with us.

Because of Jesus,

Pastor Tony
